Athletics provide the venue through which leadership, problem solving, decision making and perseverance are learned, practiced, and reinforced. Middle school athletics are more than just participation and a team picture. A true athlete is someone of high moral character who possesses a genuine work ethic. He/She contributes to the team in many different roles and always strives for improvement and efficient execution of skills, in practice as well as in competition.

An athlete has fun! It is fun to go beyond perceived limitations, set new goals, and achieve them. The amount of work it takes is immense, but the difficult road to success is well worth the effort! We challenge you to make the commitment to build your future through athletics. Be a student-athlete and be supportive of our student-athletes.

**PARENTS AND PRACTICE:**

Parents, all practices are closed. Refrain from being in the practice area of your student-athlete. We appreciate your support but it is also important that our coaches have the full attention of each athlete.
